---

## SUMMARY

---

Software engineer with 10+ years of experience designing and building distributed, cloud-native systems. Strong expertise in .NET, platform architecture, microservices, and automation, with a proven track record delivering scalable, high-impact solutions, modernizing legacy systems, and leading technical teams.

## EXPERIENCE

---

### Senior Engineer / Tech Lead · Siemens

Dec 2024–Present

Smart Infrastructure   Lisbon, Portugal

- Lead architecture of a centralized User Management platform integrating SAP, Salesforce, Dynamics, and ServiceNow.
- Built a system of record for employee lifecycle and automated license management, projected to save \$1M+ annually.
- Led global onboarding/offboarding automation, reducing manual operations and ensuring consistent processes.
- Designed extensible platform architecture to enable future enterprise integrations.
- Established AI-assisted development workflow with Specification-Driven Development (SDD) and GitHub Copilot agents.

Skills: .NET, Azure, Angular, Microservices, DDD, TDD, CI/CD, Enterprise Integrations

### Staff Engineer - Platforms Architecture · Novabase (Fidelidade)

Apr 2021–Nov 2024

Lisbon, Portugal

- Standardized technical practices across 17+ teams and 300+ engineers through platform engineering forums.
- Built Internal Developer Platform with reusable templates, structured logging, and CI/CD pipelines, adopted by 70+ projects.
- Designed AI-driven issue analysis system integrating Jira API and Azure OpenAI, reducing manual analysis by 70%.
- Defined cloud-native architectural standards across the organization.

Skills: .NET, Azure, Kubernetes, Docker, Microservices, DDD, TDD, CI/CD, Azure OpenAI, Observability

### Senior Software Engineer · Agap2-IT (SoftFinança)

Jan 2020–Mar 2021

Lisbon, Portugal

- Contributed to architecture and evolution of Marketplace and Core Banking platforms.
- Designed marketplace architecture for pharmacies using Clean Architecture principles.
- Optimized high-volume transactional systems for performance and reliability.

Skills: .NET Core, Clean Architecture, SQL Server, Web API, WCF

### Senior Software Engineer · Mttechne (Ticket)

2019–2020

São Paulo, Brazil

- Designed microservices-based architecture for financial Transaction HUB integrated with Oracle ERP.
- Applied DDD and TDD to ensure high reliability of complex financial workflows.

Skills: .NET Core, Microservices, Event-Driven Architecture, DDD, TDD, RabbitMQ, Docker, Kubernetes

## Senior Software Engineer · Vizir (Natura & Ticket)

2017–2019

São Paulo, Brazil

- Built global onboarding platform for sales consultants with multi-country operations.
- Led PoCs for event-driven cloud architectures using AWS Lambda, SNS, and SQS.

Skills: .NET Core, Node.js, Microservices, Event-Driven Architecture, DDD, TDD

## Senior Software Engineer · Deal

2017–2019

São Paulo, Brazil

- Designed and evolved cloud-based, multi-tenant B2B loyalty platform.
- Applied modular architecture and bounded contexts for scalable campaign and incentive engines.

Skills: .NET Core, REST APIs, Microservices, DDD, TDD, Azure, SQL

## Software Engineer · Deal, Erisf, FCamara, Confitec, Prodesp, Vizir

2012–2017

São Paulo, Brazil

- Built and evolved enterprise systems across multiple sectors, integrating critical business flows.
- Developed ERP, financial, and distributed systems, leveraging event-driven communication and cloud technologies.

Skills: .NET, Ruby on Rails, Azure, Microservices, RabbitMQ, Kafka, Docker, Kubernetes, SQL, Web APIs

## SKILLS

---

|           |                                                          |
|-----------|----------------------------------------------------------|
| Technical | .NET, Microservices, DDD, TDD, CI/CD, SQL Server, Oracle |
| Cloud     | Azure, AWS (Lambda, SNS, SQS)                            |
| Platform  | Kubernetes, Docker, RabbitMQ, Kafka, Observability       |

## EDUCATION

---

### M.Sc. in Computer Engineering

2025 – Present

University of Evora, Portugal

### Associate Degree in Systems Analysis and Development

2013 – 2015

Cruzeiro do Sul University, Brazil

## CERTIFICATIONS

---

Microsoft Certified: Azure Developer Associate (AZ-204)
